

ELEVATED COVER FOR THE ANGLED FEED DRUM

Model year change 2016

Important: only in combination with the „central table“ possible

The models up to serial number 126664 can be updated to the newer version. The higher cover decreases the risk of crop flow interruption on top of these drums.

Installation time:

approx. 1 h

Package contents:

- All necessary elements for the retrofit
- Installation instructions

For the correct usage please check the operating manual
